I visited many of the countries listed between 1953 and 1965 on State Department and Treasury Department matters. It would be extremely difficult to assemble all dates of departure from and re-entry into the United States.

I visit France annually on personal and business matters, including visiting my daughter who lives in France. Last trip Sept.-Oct., 1981 -- to be repeated at same time in 1982.

SEPARATE SHEET FOR QUESTIONS 15,19,20,24

Question 28.      referring to Question 19.

In February 1935 had nervous upset, supposedly from overwork, characterized by lethargy and chronic nausea. Spent about a month that spring at Riggs Sanatorium in Stockbridge, Mass. That summer had emergency appendicitis operation at New York Hospital. Apparently chronically infected appendix had been contributing cause to nervous upset as recovery though gradual was complete with no recurrence.
